COMPRESS, NOW.

## OUR COMMITMENT

We focus to offer maximum flexibility to meet our customers' needs, to provide the best operating reliability and assistance over the years.

## STANDARD AND CERTIFICATIONS

As an ISO 9001 certified company, we pride ourselves on the quality of our people and products. ISO 9001 certification is in place to continually improve our quality.

## OUR TEAM

We have proudly preserved our nature as a family run business and our friendly working environment while gaining the size and prominence of an international company.

Our company's skills are:

- international standard systems;
- young and talented team;
- extensive knowledge in mechanics and electrics;
- controls and manufacturing;
- logistics and transport;
- consulting and management.

## OUR SERVICES

We support our Customers throughout the entire development of the project, starting from a free consultation up to the installation and after-sales services. We provide customized solutions for the training of personnel.

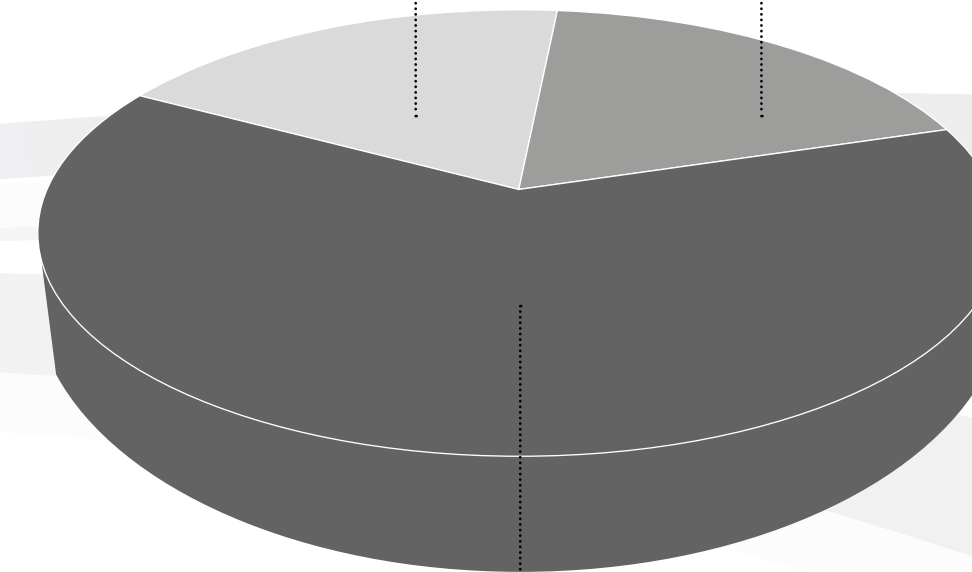

Lower maintenance costs and improved process operations are only a few of the benefits you can achieve when your personnel are well trained.

## WIDE APPLICATIONS RANGE

**RECIPROCATING COMPRESSOR**  
Up to 250 bar.g and 20'000 Nm<sup>3</sup>/h

**CENTRIFUGAL COMPRESSOR**  
Up to 100 bar.g and 150'000 Nm<sup>3</sup>/h

**SCREW COMPRESSOR**  
Up to 70 bar.g and 100'000 Nm<sup>3</sup>/h

## OUR PRODUCTS

- FUEL BOOSTER FOR POWER GENERATION
- COMPRESSORS FOR O&G APPLICATIONS
- GAS COMPRESSORS FOR SPECIFIC APPLICATIONS
- REFRIGERATION COMPRESORS PACKAGES
- BIOGAS COMPRESSOR SOLUTIONS

20 Years of experience enable Eneprojects Engineers to study case by case and to offer to you the most appropriate solution
